

## Details

The Greater Raleigh Chamber of Commerce seeks to fill a part-time, temporary position, approximately 15 - 20 hours a week, for economic research and analysis on the economic impact of NC House Bill 2.

This position will report directly to the Vice President of Government Affairs of the Greater Raleigh Chamber of Commerce.

Responsibilities:

1) Data collection and analysis:

- Review, clip and collect data from all news articles related to HB2
- Collect statements from business, organizations and associations that have made statements about HB2
- Collect financial impact data from businesses that choose to leave North Carolina, decrease their presence/business dealings in North Carolina, and/or choose not to consider North Carolina as a relocation or expansion destination
- Log contacts from individuals that choose to not move to, vacation in, or take a job in North Carolina, or purchase goods and services from North Carolina businesses.

2) Creation of a financial impact report that can be shared with key decision makers and community leaders.

Education and Qualifications

Bachelor's degree in related field and previous experience with market, economic and/or political research and analysis.

This short-term project will require dedicated attention for the next 3 – 4 weeks. Applicant must be comfortable in a fast-paced environment with a quick turnaround time.

Compensation

Pay is hourly and commensurate with education and experience.

Submission

Please submit cover letter and resume to Emily Atkinson at [eatkinson@raleighchamber.org](mailto:eatkinson@raleighchamber.org). All submissions are due by Friday, April 15th.
