North Carolina Low Prop Midterm Study

Crosstab Reports

Prepared by SPRY Strategies

The North Carolina Off-Year Primary Survey was conducted by Online (Online-to-Mobile) and IVR Interviews from June 15 - June 21 among a random sample of 500 republican primary voters who vote in presidential primaries but not midterm elections. The survey has a margin of error of +/- 4.6 percentage points. Results are weighted. Some percentages in crosstab reports for this poll may not add to 100% due to rounding.
